#### BOVEE'S

Steam Coffee and Spice Mills, and roasting apparatus,

#### LOCATED ON BROADWAY, ABOVE DUPONT STREET.

These Mills and the Roasting Apparatus, as perfected by the undersigned, were first put in motion about twelve months since, and although involving excessive expense in their establishment, have already fully realized the expectations entertained as to their ultimate usefulness and success. They are constructed on an improved principle, and being driven by steam power, are capable of grinding sufficient coffee to supply the heaviest demands. The Coffee and Spice passing through the Mill is

#### INVARIABLY OF THE VERY BEST QUALITY,

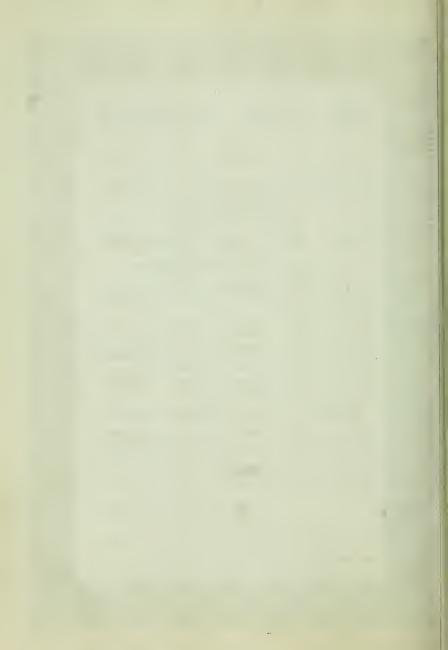

And will prove itself at all times unsurpassed by any brought to this Market. It is put up in labeled packages of One Pound and upwards, and will be forwarded per order, to any part of the city and country.

The wide-spread popularity that Coffee from Bovee's Mills has obtained, justifies the Proprietor in anticipating a continuance of the liberal patronage thus far extended to him.
